of and parallel to that of the President of the Mlty whether there is any real necessity to alter an independent staff to work under the Vice President depends upon the work which is deputed to the Vice President by the President. Further the resolution purports to the effect that a personal clerk-typist and a Peon attender be removed for the Vice of the Vice President out of the existing staff. This is therefore a matter of internal arrangement to be made by the President himself, if it could be made, without extra expense to the Mlty. The same arrangement in regard to the staff working under the previous Vice President may also be continued for this Vice President. At any rate this is a resolution on which no orders of Govt need be asked (vide also para 5 of the note dated 26th Nov 1942 from Secy Law Dept) for

I have the honour to forward herewith the resolution of the Municipal Council that a personal clerk-Typist and a literate attender may be provided for the office of the Vice-President out of the existing staff It was explained to them that as the Municipal office is already short handed and is unable to cope with the very heavy work especially latterly it was not possible for the staff to be spared from out of the existing establishment

It was also stated that one of the Officials in the ater Revenue Section would be asked to attend to any work which the Vice-President may have but this was not agreed to and the Resolution was pressed

The resolution is therefore submitted for orders of Government

I have the honour to be
Sir
Your most obedient servant
